

I am writing to complain about illegal campaign activity planned by Sinclair Broadcasting Group. According to the Washington Post, Sinclair Broadcasting Group is planning to run a "documentary" before November 2nd that is clearly a smear-campaign against Kerry.

This amounts to illegal electioneering, according to federal election law. Any media corporation that pulls these kind of stunts needs to have its licenses REVOKED. They are twisting the democratic process that is the foundation of our nation.

Thank you,
Anne Willmore
